

This product has everything professional sign makers need for direct-to-vinyl design and cutting, without the need for wide-format printing capability. It includes full graphic design, text serialization and color tracing features. It also has drivers for over 1,000 cutter models and unique features to optimize cutting speed and make weeding faster and easier.

POPULAR PRODUCTION FEATURES AND BENEFITS

- Easily design direct-to-vinyl signs and graphics with multiple colors, text and vector images
- Cut jobs faster with tools that optimize cut object order and speed
- Reduce weeding time and hassle with the split lines tool
- Powerful and complete text creation tools with interactive on-screen editing capability
- Increase your creativity and productivity with extremely intuitive layout and design tools
- Quickly create a variable-data text vinyl signage with the auto-serialization feature
- Includes extensive library of industry vinyl color sets
- Has complete suite of bitmap, vector, text and effects tools

Design Features

- Complete suite of bitmap, vector, text & effects tools
- Much easier and faster to use than other design software for wide-format job prep
- Easily design direct-to-vinyl signs with multiple colors, text and vector graphics
- Add one or more contour cut paths to graphics in seconds
- Quickly create a variable-data print run with the auto-serialization feature
